

2015 HypsIRI Mission and Products Symposium
Evolving the HypsIRI Mission and Products: HypsIRI Strategies to Meet Sustainable Land & Aquatic Imaging Needs

Date: June 3-4, followed by the HypsIRI Aquatic Group on June 5
Location: NASA Goddard Flight Center, Building 34, Room W150

We invite you to participate in our 5th Annual HypsIRI Product Symposium at NASA/GSFC, which will cover:

- * HypsIRI Mission Updates & Relevance
- * SLI's approaches and solutions for science products
- * Onboard Processing and Efficient Data Product Distribution
- * Calibration/validation activities
- * Lunar Vicarious Calibration
- * Higher level products
- * Developments in the coastal and inland aquatic community

Please register on the HypsIRI website by **May 27, 2015** at <http://hyspiri.jpl.nasa.gov>. Registration is required to attend, and this is a ***“Non-Reportable”*** conference. Please indicate if you are submitting a poster or wish to request one of the limited number of open oral presentation slots. Title for posters and oral presentations should be sent to Lisa Henderson (lisa.henderson@nasa.gov) by **May 22, 2015**. A draft agenda will be posted on the HypsIRI website.

The Symposium Convener is Elizabeth Middleton, along with GSFC Team Members Petya Campbell, Dan Mandl, Steve Ungar, and Kevin Turpie. Partners are Rob Green and Simon Hook (JPL) and the NASA/HQ Program Manager, Woody Turner. Logistics and inquiries are handled by Lisa Henderson.

For further information, please go to the HypsIRI website at <http://hyspiri.jpl.nasa.gov>.

Schedule:

May 22	Deadline for Titles for Posters and Oral Presentations
May 27	Deadline for Symposium Registration
June 3-4	HypsIRI Symposium
June 5	HypsIRI Aquatic Studies Group (HASG)
